NEWS RELEASE

GOLDBROOK VENTURES APPOINTS VICE-PRESIDENT OF EXPLORATION

Vancouver, British Columbia ... Goldbrook Ventures Inc. (“Goldbrook”) is pleased to announce the appointment of Dr. Bill Stone as Vice President of Exploration.

Dr. Stone has more than 23 years of professional experience in mineral exploration and applied research within both industry and university positions in North America and Australia. Prior to joining Goldbrook, Bill served as Vice President of Exploration for Nevada Star Resource Corp. (Vancouver) and Principal Geologist for Geoinformatics Exploration Limited (Vancouver), where he worked in major collaborative nickel exploration projects with Anglo-American in Canada and the USA. In Australia, Bill worked mainly for WMC Resources Ltd. in the world-class nickel sulphide camps of Western Australia.

Dr. Stone’s educational background includes a B.Sc. in Geology (Honours) from Dalhousie University (Halifax) and an M.Sc. and Ph.D. from the University of Western Ontario (London). Bill held a 3-year NSERC Post-Doctoral Fellowship at McMaster University (Hamilton) and a 3-year staff appointment at the University of Western Australia (Perth). Overall, he has published over 50 papers and 100 abstracts in leading journals, many on magmatic nickel sulphide and platinum-group element deposits and mineralization models, and is a leading authority in magmatic nickel sulphides.

Dr. Stone’s principle responsibility will be the management of Goldbrook’s exploration activities on its extensive landholdings in the Raglan District, northern Québec. The Raglan District is an emerging Ni-Cu-PGE district and host to Falconbridge’s Raglan Mine. Goldbrook Ventures is the District’s largest landholder with 623,000 acres of claims covering key mineralized trends. Its western claim holdings (150,000 acres) are under \$20 million option and JV with Anglo American plc. In 2006 Goldbrook is planning to spend in excess of \$3 million on exploration on its eastern claim holdings.

Mr. David Baker, President stated, “the appointment of Dr. Stone, in addition to the recent assignment of David Cass as Vice President of Corporate Development, signifies the ongoing strengthening of Goldbrook’s management team in order to maximize the potential of its extensive claim holdings in the Raglan District.”

The company also announces that pursuant to the company’s stock option plan an aggregate of 604,000 incentive stock options have been granted to key employees and directors. The Options have an exercise price of .365 with a five year term.

ON BEHALF OF THE BOARD:

(signed) “*David Baker*,” President
