### **About Goldbrook**

Goldbrook Ventures is engaged in the exploration for Nickel-Copper-Platinum Group Element sulphide deposits – a class of mineral deposit that, due to its poly-metallic nature, has the advantage of protection against individual metal price cycles and has strong long term supply-demand fundamentals. Goldbrook's quest for discovery is focused in the Raglan District of Northern Quebec, a district that hosts Xstrata's Raglan operations, arguably one of the world's most profitable nickel-copper-PGE mines. Goldbrook is the District's single largest holder of mineral rights, with a 100% interest in 891,000 acres.

## **About Jilin Jien**

Jilin Jien is a corporation existing under the laws of China. The head office of Jilin Jien is located at Panshi City, Jilin Province, China.

Jilin Jien is one of China's largest producers of nickel, copper and cobalt sulphates, as well as other nickel products including nickel matte, electrolytic nickel, nickel hydroxide and nickel chloride. With profitable operations spanning exploration, mining, smelting, refining, chemicals and research, Jilin Jien has total assets of RMB3.2 billion; nearly 10,000 employees and its facilities occupy 4.5 million square meters.

Jilin Jien was the first company in China's nickel industry to list in the A-share market of the Shanghai Stock Exchange under stock code 600432. Jilin Jien is one of the companies comprising the SSE180 index and the CSI300 index.
