Vancouver, British Columbia ... Goldbrook Ventures Inc. (“Goldbrook”) announces that Anglo American Exploration (Canada) Ltd. (“Anglo”) has begun diamond drilling on the Belanger property in the Raglan District of northern Quebec.

Under Goldbrook’s option and joint venture agreement with Anglo, in order to earn a 51% interest in the Belanger and Nuvilik properties, Anglo must, among other terms:

- 1) Fund a minimum \$20 million in exploration over a four- year period; and**
- 2) Expend not less than \$5 million in the first year.**

The 2005 exploration program being completed by Anglo includes geological mapping and prospecting, ground based geophysical surveys, and soil geochemistry surveys on both the Belanger and Nuvilik properties. Diamond drilling during the 2005 exploration program will be completed on the Belanger property and will both follow-up areas of mineralization identified during the 2004 exploration program, and will be testing emerging targets elsewhere on the Belanger Property.
